

Thank you for spreading the word via Instagram to help us Cancel Child Cancer!

Remember to put the Cancel Child Cancer campaign site link, cancelchildcancer.org, in your bio.

[This link](#) will take you to Instagram to craft your post. Here is a caption for your post, along with some images, to help you get started:

Caption: Pediatric cancer can be curable. In high-income countries, over 80% of children diagnosed with cancer are successfully treated – but in low-income countries, this number drops to below 30%. Every child with #cancer, regardless of where they live, should have equal access to the best possible treatment and care. Let's #CancelChildCancer together.

Join me in giving to help alleviate the burden of child cancer on children and their families. Learn more at the link in my bio. #WorldChildCancerUSA

Download Images:

Imagine winning a soccer game with only four players.

Imagine being in a musical group with only 30% of its players.

Imagine playing at recess with only 30% of your classmates.

In low- and middle-income countries, less than 30% of children diagnosed with cancer are cured.*
